A puppy, just like a baby, has lots of different things and you can see some of them. A toy, a bed and even a bowl for food. But where is the puppy? As you turn each page you'll see some of the puppy's favorite things but you have to lift the flaps to find the puppy with his belongings. Children delight in the hide-and-seek game the Photoflap books afford. A perfect first book. Also used for beginner readers. Available in English, Spanish, Eng/Spanish bilingual, Chinese (traditional and simplified), Korean, Vietnamese, Russian and Haitian Creole editions.
