The third volume of Dramathery: Theory and Practice brings the reader up-to-date with the latest developments in the profession of dramathery and tackles key issues in contemporary social relationships. It shows how dramathery is evolving its own theory and methodology as well as specific models for supervision and assessment. Dramathery is now being used in a broad continuum of care and contributors give many examples of its practice in contexts of prevention, maintenance and cure. * Incorporates method, theoretical concepts and latest research * Covers major new

themes of gender, race and politics * 29 international contributors
