This enchanting escapade is the most important quest of Tarl Cabot's career. He must retrieve a potent shield ring from a strange explorer. It is imperative that the omnipotent Priest Kings obtain this ring so that the Goreans do not challenge their enormous power. Throughout his expedition, Cabot learns of uncharted territories on Earth's cosmic counterpart. In the dense forests he discovers, Cabot must use his skills to endure the perils that await his arrival. Cabot will encounter Gor's barbarism in full force through enchantingly dangerous beasts, bloodthirsty men, and exotic kingdoms. Coinciding with the 40th anniversary of the first book of the Gorean Saga, TARNSMAN OF GOR, E-Reads is proud to release the very first complete publication of all Gor books by John Norman, in both print and ebook editions, including the long-awaited 26th novel in the saga, WITNESS OF GOR. Many of the original Gor books have been out of print for years, but their popularity has endured. Each book of this release has been specially edited by the author and is a definitive text.
