Golden Prose in the Age of Augustus is an anthology containing fresh, accurate and readable translations of the seven great prose writers from the Augustan period and covers a broad range of prose writing with introduction, maps, chronology, glossary, bibliography and notes.

作者介绍:

Paul Alessi (Ph. D. University of Missouri, Columbia) is Professor Emeritus of Classics at the University of Texas at San Antonio. He has published on the poet Propertius, and his research and interests are with Augustan literature, Roman culture and Etruscan archaeology. He authored both Golden Prose in the Age of Augustus and Golden Verses: Poetry in the Augustan Age for Focus Publishing.
