isbn:9780521533485

This introduces and abridges the syntactical features of the original language of the Hebrew Bible or Old Testament. Scholars have made significant progress in recent decades in understanding Biblical Hebrew syntax. Yet intermediate readers seldom have access to this progress due to the technical jargon and sometimes-obscure locations of the scholarly publications. This Guide is an intermediate-level reference grammar for Biblical Hebrew. As such, it assumes an understanding of elementary phonology and morphology, and defines and illustrates the fundamental syntactical features of Biblical Hebrew that most intermediate-level readers struggle to master. The volume divides Biblical Hebrew syntax, and to a lesser extent morphology, into four parts. The first three cover the individual words (nouns, verbs, and particles) with the goal of helping the reader move from morphological and syntactical observations to meaning and significance. The fourth section moves beyond phase-level phenomena and considers the larger relationships of clauses and sentences.

评论

水平和经典语法句法相比差很多，但作为入门读物还行；问题是虽然设置水平不高，但很多地方讲得也太简略了，以至于提出了问题也并不解答，多有语焉不详之处。准确地讲，只能当一本目录索引来使。

希伯来文语法书，内容很全
