How Not to be a Hypocrite: the indispensable guide to school choice that morally perplexed parents have been waiting for. Many of us believe in social justice and equality of opportunity - but we also want the best for our kids. How can we square our political principles with our special concern for our own children? This marvellous book takes us through the moral minefield that is school choice today. Does a commitment to social justice mean you have to send your children to the local comprehensive - regardless of its academic results? Is it hypocritical to disapprove of private schools and yet send your child to one? Some parents feel guilty but shouldn't. Others should feel guilty but don't. Read How Not to be a Hypocrite , then answer the questionnaire, and work out where you stand on this crucial issue.
