Creatively communicate the Christian message with this fascinating collection of 14 science fiction story-sermons. "George Murphy has extended Christian parable telling into the 21st century with a series of preachable stories. These engaging, sometimes poignant, and often provocative tales spotlight particular theological themes from scripture. Comments following each pulpit-tested story help to contextualize it in relation to literary sources and the liturgical year. This book is a remarkable gift to those charged with proclaiming the Word to that spacefaring species, Homo sapiens." -- Jim Miller, American Association for the Advancement of Science
