I know of no better current introduction to the study of theology than Dr. Hart's lucid, meaty and appetizing book. Stephen Sykes 'Faith Thinking' is a lively, provocative and most welcome book...contending for a dynamic way of doing theology that neither abandons thinking nor the life of the believing community. Richard Holloway Dr. Hart addresses fundamental questions about the nature of theology and theological method...and his style is clear and eminently readable. Anthony Thiselton There are few more important questions for theology today than that of its own character and status. In this important and wide-ranging book, Trevor Hart articulates and defends a robust thesis about its respectability, integrity and independence.
