Computational Excursions in Analysis and Number Theory

[Computational Excursions in Analysis and Number Theory_下载链接1_](#)

著者:Borwein, Peter

出版者:

出版时间:2002-7

装帧:

This introduction to computational number theory is centered on a number of problems that live at the interface of analytic, computational and Diophantine number theory, and provides a diverse collection of techniques for solving number- theoretic problems. There are many exercises and open research problems included.
