An attractive and innovative four-level course for lower-secondary students. Each unit of the Student's Book is divided into 3 manageable steps with clear aims and outcomes. Students can see quick results through regular 'Use what you know' sections at the end of each step. 'Life and culture' sections and a continuous story

provides rich reading material while stimulating students' imaginations. There is a variety of exercises where students can work to their own level, making the course ideal for mixed ability classes. Coursework activities per module allow students to build up portfolios of work while online 'Infoquests' send students on a journey of discovery in English.
