Redefined Interiors is a two-volume collection of over 150 award-winning interior design projects from prominent firms all over the world. The spaces showcased include hotels, restaurants, bars, shops, offices, spas and museums, as well as cultural, healthcare, leisure, exhibitions and educational institutions. Illustrated profusely with photographs, design plans and perceptive commentary, this collection explicates the concepts and ideas underpinning the interiors and is a boundless source of ideas and inspiration for interior designers and their clients.
