Hip Hop icon 50 Cent joins forces with bestselling author Green to discuss what it takes to be a success in life and work.

In *The 50th Law*, hip hop and pop culture icon 50 Cent (aka Curtis Jackson) joins forces with Robert Greene, bestselling author of *The 48 Laws of Power*, to write a "bible" for success in life and work based on a single principle: fear nothing. With intimate stories from 50 Cent's life on the streets and in the boardroom as he rose to fame after the release of his album *Get Rich or Die Tryin'*, as well as examples of others who have overcome adversity through understanding and practicing the 50th Law, this deeply inspirational book is perfect for entrepreneurs as well as anyone interested in the extraordinary life of Curtis Jackson.

## 评论

More than rehashing self-help craps, this unprecedented cooperation between a hip-hop icon and a non-traditional management writer rendered an intriguing account of how a hustler achieved upward mobility in a hostile environment. I was surprised to find some applicable principles for entrepreneurs who might be facing the same kind of hostility in the start-up process.

If you have ever experienced death, nothing could stop you from being yourself. Be bold to be your owner of life and overcome fears.

感觉50的自传性质不是很浓厚啊，说道味十足，大道理家。

## 书评

Robert Greene 一把好嗓子啊 陶醉在他的声音里 I would like to pay for his voice and lost myself in listening to his narration. He once said, three of his secret weapons are: rigorous exercise, researching (using index card), and meditation.
