So little time, so many ways to waste it. A lively celebration of the funniest, nuttiest, wildest, and most entertaining sites on the Internet, Wacky Websites will keep boredom at bay all year long. Learn cool tricks (and the physics behind them), like pulling a tablecloth out from under full place settings. Get your thrills risk-free with an online dirt bike course. Plus a cooking show starring an animated octopus, parallel parking practice, a gallery of emotive sock puppets, and a virtual tour of Stan Marsh's Cadillac Ranch. Work? What work?
