Get set for a stupendous survey of the dazzlingly dramatic science that makes you, the world and the whole Universe. Meet the Brainwaves, hilarious little mischief-makers who are about to take your child on a spectacular scientific adventure; from the bubble, fizz and bang behind chemistry to the brute force of physics. The Brainwaves

will shrink down to atomic level to explore the most basic building blocks of science; examine light, sound and heat waves; and prepare for some shocking revelations about electricity. With fantastic pages packed with amazing phenomena to learn about - from radio waves to nanotechnology, - timelines, fabulous facts and things to find, your child will discover everything they ever wanted to know about science!
