Ray Caesar Art Collection, Volume One is a complete assembly of more than 250 images printed on 178 pages. This hard cover edition features an amazing collection of Ray's drawings, render studies, process sketches and master works. Ray's writings are also featured, revealing his personal perspective on how he began his artistic journey.

Ray's paintings provide a visual codex of the more than 20 years spent working at the Toronto Children's Hospital providing a "new" voice to the digital medium.

You will be happy to know that this first edition of Ray Caesar Art Collection features a collector set of 6 "prayer" cards packaged in an envelope. The avid collector will not be disappointed, as many hours have been vested in the color reproduction and specialty printing techniques. In addition, this hard bound collection features many new and unseen images that offer a glimpse into Ray's compositional process.
