Few have the time or constitution to be able to remember the details of every horror story about how the Republican Party has repeatedly attempted to hijack the American dream for its own selfish reasons. For those who want to be sure they're not left sputtering in an argument they know they should win hands-down, *The I Hate Republicans Reader* via a wide range of lively and entertaining essays, articles, speeches, and rants will be the place to go for the many compelling reasons to detest the GOP. From era-defining scandals such as Watergate, Iran-Contra, and Enron to coldhearted policies on health care, welfare, and race, to their outrageous theft of the 2000 election and tearing down of the liberal democratic ideals for which the Founding Fathers fought, to the isolationist arrogance of George W. Bush, this book has it all. Divided into such easy-reference sections as Greed, Corruption, Malicious Stupidity, and Big Lies, this collection includes appropriate excerpts from the likes of Eric Schlosser, Michael Moore, Joan Didion, Molly Ivins and Lou Dubose, and David Brock, as well as Ralph Nader, Paul Krugman, Hunter S. Thompson, Barbara Ehrenreich, I.F. Stone, Jimmy Carter, James Carville, Christopher Hitchens, Al Franken, and Bill Moyers.
