

# Essential Mathematics for Economics and Business

[Essential Mathematics for Economics and Business 下载链接1](#)

著者:Teresa Bradley

出版者:John Wiley & Sons

出版时间:2008-5-27

装帧:Paperback

isbn:9780470018569

Now established as one of the leading introductory texts for students studying these subjects, this new edition combines a non-rigorous approach to the subject with applications in economics and business. Fundamental mathematical concepts are explained as simply and briefly as possible, using a wide selection of worked examples, graphs and real-world applications.

## 评论

太基础了，适合高中生

---

啊借错书了，还以为这本是essential mathematics for economics。初步翻了翻，都很简单
