First the Liberals took all the guns. Then they took away the people's freedom. Now, Ben Raines and his patriot army are driving a weakened United States government into full-fledged retreat. Emerging as an unstoppable force, the Southern States are winning over one strategic ally after another, from the states in the American Northwest to the Canadian provinces - all wanting to be part of a society based on law, justice, and old-fashioned values enforced by the barrel of a gun. But to be recognized by the world community, the Southern States of America must pay a price. The U.N. wants Ben Raines' warriors to play cops in a world overrun by criminals, gangs, and cannibalistic punks. Now, Raines and his army must engage in an all-out war of liberation across a crime-ravaged Europe, one bloody mile at a time.
