From America's #1 golf magazine, "365 Golf Holes" is a golf calendar, with hundreds of spectacular, scenic, and oh-so-challenging golf holes in full color. The 4th at Metrowest, a 610-yard dogleg right lined by five cavernous bunkers. The 9th at Oak Creek, a 500-yard par 5 that lives up to its nickname, "Fortitude." The par-3 3rd at Punta Mita, set on a rock outcropping used for whale watching. And the 6th at Royal Dornoch, the third oldest links in Scotland. Plus Weekend Reminders, outstanding public courses, quotes, lore, and more. This is what golfers' dreams are made of.
