"The Management Gurus" is the definitive introduction to the most influential and significant management classics of our time - an entire management library in a single volume. "The Management Gurus" includes insightful summaries of the most significant classics of management. The featured books include: "Gods of Management" by Charles Handy; "Liberation Management" by Tom Peters; "Winning with People" by John C. Maxwell; "Managing Crises Before They Happen" by Ian I. Mitroff; and, "Wikinomics" by Don Tapscott and Anthony D. Williams. "The Management Gurus" distils thousands of pages about leadership strategy, crisis management, organizational behaviour and more into easily digestible summaries, revealing the wisdom that made them into classics.
