Elliptic and Parabolic Problems

[Elliptic and Parabolic Problems_下载链接1_](#)

著者:Brighi, Bernhard 编

出版者:Birkhauser

出版时间:2005-08-01

装帧:Hardcover

isbn:9783764372491

This volume contains contributions by former students and collaborators of Haim

Brezis given in honor of his 60th anniversary at a conference in Gaeta. H. Brezis has made significant contributions in the fields of partial differential equations and functional analysis. He is an inspiring teacher and counselor of many mathematicians in the front ranks. The collection of papers presented here grew out from his deep insight of analysis. In addition it reflects Brezis's elegant way of creative thinking.
