The man known by two initials - T.I. - is one of the most successful hip-hop artists

today. "T.I." tells the story of this multifaceted music icon.T.I. has won many awards for his music, including prestigious Grammy Awards. He's worked with some of the biggest names in the business. T.I. hit the ground running when he decided to become a hip-hop artist.T.I. hasn't been content to be just a musician. He's branched out into acting, and has appeared with some of the biggest names in that field as well."T.I." also tells the story of T.I. the controversial figure. In a genre that is steeped in its own controversy, T.I. brings his own, as well as brushes on the wrong side of the law. But that's not all of who T.I. is. He has given much back to the world through his charitable acts. "T.I." tells that story as well.
