Review

"I don't remember seeing another text that so clearly values writing as a tool to develop and employ the critical thinking skills necessary for active participation in a vibrant democracy, with emphasis on the active.... Perhaps unwittingly, CEL represents a bold and courageous effort to develop writers who possess the qualities we espouse

in our institutional mission statements. You have to step back and admire that."

Product Description

Showing students that the act of writing is connected to everyday living, THE COMPOSITION OF EVERYDAY LIFE makes invention the primary component of your writing course and helps students re-discover concepts, uncover meaning, and re-think the world around them.
