This title offers a course in basic grammar and syntax to the standard of GCSE examining boards. It includes exercises that give practice in all the major usages and, since the text is intended primarily for use in self-tuition, answers are also provided. To add both interest and a further dimension to the study of the language, there are frequent digressions into aspects of Roman life and culture. Revision sections follow chapter groupings covering: the Verb, Nouns, Adjectives, Irregular Verbs, Familiar Abbreviations, Geometrical and Historical terms.
