

# The Structure of Economics

[The Structure of Economics\\_ 下载链接1](#)

著者:Eugene Silberberg

出版者:McGraw-Hill Publishing Co.

出版时间:2000-12-01

装帧:Paperback

isbn:9780071181365

This text combines mathematical economics with microeconomic theory and can be required or recommended as part of a course in graduate microeconomic theory, advanced undergraduate or graduate-level mathematical economics, or any advanced topics course. It also has reference value for international, library, professional and reference markets. This revision addresses significant new topics - the theory of contracts and markets with imperfect information - that have recently become prominent in the microeconomics literature.
