

Complete Short Fiction

[Complete Short Fiction_ 下载链接1](#)

著者:Oscar Wilde

出版者:Penguin Books

出版时间:1995

装帧:Paperback

isbn:9780140434231

This volume collects together the masterpieces that appeared during Wilde's earliest revolutions as an artist, the stories which first made his name as a writer of fiction. It includes the complete texts of *The Happy Prince and Other Tales* (1888), *A House of Pomegranates* (1891) and *Lord Arthur Savile's Crime and Other Stories* (1891), together with his six Poems in Prose and 'The Portrait of Mr W.H.', inspired by 'the onlie Begetter' of Shakespeare's Sonnets, loved by Wilde 'as one should love all things, not wisely but too well'. Fairy tales, ghost stories, detective fiction, comedies of manners - these stories find Wilde at work subverting late-Victorian expectations and trying out his own distinctive forms of melodrama and parody. They defy our modern expectations too in the brilliance of their vision and paradox and in the audacity of their wit.

最完美的還是快樂王子那個集子。有些很喜歡，有些很無感。

住了你的房，再来看看你的书

书评

我比较不在意王尔德的私人生活。分析王尔德老是扯到他同性恋什么的，我觉得很没意思。虽然可能有关系，但我觉得人的性取向跟创作关系不大。如果是有关系，我觉得倒不如说是性取向引起的烦恼和自怜，会跟作品有一些关系。
王尔德的作品几乎可以说是完美：恰好的象征，唯美畅顺...

Oscar Wilde was undoubtedly one of the best English writers in history and whose wit and proficiency is an indispensable treasure for English readers around the world.
