isbn:9780764161957

Toddlers will love "Action Books" because the pictures really go into action Bright, simple illustrations on every pageaincluding the front cover--display moving parts that kids manipulate via small finger holes. "Trucks" shows children pictures of a bulldozer, a fire engine, a fork lift, a dump truck, and four more work vehicles, each with its own moving part. Pictures are simply labeled on pages constructed of extra-thick board stock with rounded corners for safety.
