Copper is curious, Fred is fearful. And together boy and dog are off on a series of adventures through marvelous worlds, powered by Copper's limitless enthusiasm and imagination. Each Copper and Fred story in this graphic novel collection is a complete vignette, filled with richly detailed settings and told with a wry sense of humor. These two enormously likable characters build ships and planes to travel to surprising destinations and have a knack for getting into all sorts of odd situations. Copper's good cheer always smoothes the way---and Fred can usually be won over if there's food involved.
