Public interest in biblical archaeology is at an all-time high, as television documentaries pull in millions of viewers to watch shows on the Exodus, the Ark of the Covenant, and the so-called Lost Tomb of Jesus. Important discoveries with relevance to the Bible are made virtually every year--during 2007 and 2008 alone researchers announced at least seven major discoveries in Israel, five of them in or near Jerusalem. Biblical Archaeology offers a passport into this fascinating realm, where ancient religion and modern science meet, and where tomorrow's discovery may answer a riddle that has lasted a thousand years. Archaeologist Eric H. Cline here offers a complete overview of this exciting field. He discusses the early pioneers, such as Sir William Matthew Flinders Petrie and William Foxwell Albright, the origins of biblical archaeology as a discipline, and the major controversies that first prompted explorers to go in search of objects and sites that would "prove" the Bible. He then surveys some of the most well-known biblical archaeologists, including Kathleen Kenyon and Yigael Yadin, the sites that are essential sources of knowledge for biblical archaeology, such as Hazor, Megiddo, Gezer, Lachish, Masada, and Jerusalem, and some of the most important discoveries that have been made, including the Dead Sea Scrolls, the Mesha Inscription, and the Tel Dan Stele. Subsequent chapters examine additional archaeological finds that shed further light on the Hebrew Bible and New Testament, the issue of potential frauds and forgeries, including the James Ossuary and the Jehoash Tablet, and future prospects of the field. Biblical Archaeology: A Very Short Introduction captures the sense of excitement and importance that surrounds not only the past history of the field but also the present and the future, with fascinating new discoveries made each and every season.

圣经不可实证，但是圣经考古学有可为之处，也有得到认可的机会，这就是这个分支对夏商周考古学的价值。

篇幅虽短，但是料多，从19世纪的圣地发掘到21世纪的作伪，都有很足的料。每章的注释和最后的书目，可帮助读者自行建立阅读书单。

对理解旧约有帮助。

简明而全面的介绍，Bibliography不错。

What archaeology (that investigates material culture) can do for understanding the Bible.

事关圣经考古溯源的简洁记载，最后的关联信息以及延伸书目很丰富。

薄薄一小本，very informative.

精彩的歷史。喜歡所有我所遇見的考古學家們，大概是一群最接地氣懂得合作身體又好的academics。包括在工地有過一面之緣的Cline也是超可愛的。
