More than just an investment dictionary, 101 Investment Tools for Buying Low and Selling High analyzes in a concise style various investment vanes-from stock indexes to measures of affordable housing to leading economic reports. Learn what these measures are, who's compiling them, where they are easily found, and how they can, or cannot, be used to guide your investment decisions. At your fingertips are fast and reliable explanations of all the everyday terms and tools investors need, each discussed in an easy-to-follow, structured format: "What is it? "How is it computed? "Can you give a example? "Where is it found? "How is it applied? "How is it used for investment decision? "Are there any words of caution? In today's complex climate, understanding and using such investment tools are the keys to success. New investment vehicles are introduced almost everyday. 101 Investment Tools for Buying Low and Selling High is your guide to the best financial barometers.
