One of Britain's most popular astrologers, Claire Petulengro has many years experience of advising her clients on how to handle life's highs and lows. Now she shares her knowledge with us all. Whether you are a Pisces who goes dramatically off the rails in response to a problem, or a Scorpio who turns disaster into an opportunity, understanding your sign's strengths and weaknesses will help you deal with life's challenges. Covering love and relationships, this book will help you find and recognize your soul mate, work out how to deal with your ex, and understand family and friends. It gives advice on the right careers for you, and how to handle your money - some signs are financially astute, others more likely to fall into debt. It analyses the health issues you may face and how to find balance so your body can cope with what your mind wants to do. And it builds your confidence, helping you to see what's good about yourself - and those close to you - on days when life gets you down. Life is unpredictable, but armed with this book you can make your journey through it a fun one.
