Jeremy's love for his brother, Stephen, knows no bounds, but he has no idea that his desperate attempts to secure his beloved's affection forever will have such dramatic consequences. One act born out of love, and another born of jealousy, combine to set this roller coaster of events in action. The devastatingly handsome Stephen is aware of his effect on women even before he meets Johnny, the master of seduction. Perfecting his art across the centuries and around the globe, Stephen becomes a force that cannot be denied, wreaking terror and devastation as he plays out the dangerous game of eternal damnation. But beyond the inevitable bloodbath are feelings and emotions that run deeper than death, as the shocking twists unravel and love triumphs over destruction.
