著者:Professor Friedrich Münzer

出版者:The Johns Hopkins University Press

出版时间:1999-05-24

装帧:Hardcover

isbn:9780801859908

Review

"Ridley's clear translation of *Römische Adelsparteien und Adelsfamilien* from the original German makes available to a broader reading public the masterful erudition of Friedrich Münzer's 1921 account of Rome from a prosopographical perspective." -- Jeanne O'Neill, Religious Studies Review

Review

""When published, *Roman Aristocratic Parties and Families* was epoch-making. Its value has not dimmed with the passage of decades -- it will remain a fundamental contribution to the understanding of the political functioning of the Roman republic." -- Herbert W. Benario, Professor Emeritus of Classics, Emory University
