装帧:Paperback

isbn:9780195340563

Thinking about church architecture has come to an impasse. Reformers and traditionalists are talking past each other. In *Theology in Stone*, Richard Kieckhefer seeks to help both sides move beyond the standoff toward a fruitful conversation about houses of worship. Drawing on a wide range of historical examples with an eye to their contemporary relevance, he offers refreshing new ideas about the meanings and uses of church architecture.
