For fifteen years, "All You Need To Know About the Music Business" has been universally regarded as the definitive, essential guide to the music industry. Now in its sixth edition, it has been completely revised and updated with crucial, up-to-the-minute information on the industry's major changes in response to today's rapid technological advances and uncertain economy. Veteran music lawyer Donald Passman is in the thick of this transformation and understands that anyone involved in the music business is feeling the deep, far reaching effects of it. This latest edition of what the Los Angeles Times called "The Industry Bible" will lead novices and experts alike through the fundamental practises as well as the new, uncharted territory of one of the world's most dynamic industries.
