出版者:Association for Supervision & Curriculum Deve

出版时间:2008-12-31

装帧:Paperback

isbn:9781416607410

Bringing together all four books in the ASCD ground-breaking Habits of Mind series, this volume presents a compelling case for why it's more relevant than ever to align the missions of schools and classrooms to teaching students how to think and behave intelligently when they encounter problems and challenges in learning and in life. Drawing on their research and experience in applying the habits of mind in all kinds of schools, the authors guide you through every step of making intelligent behavior a practical outcome in any school.
