"The Complete Guide to Buying Property Abroad", now in its sixth, fully updated, edition, takes the reader through all the benefits, complexities and potential pitfalls of buying property in dozens of different countries. The book also includes new information on Estonia, Romania, Turkey, Florida, Latvia, Germany, Slovakia, Australia and New Zealand, and the important questions to ask before taking the plunge. Practical information and financial guidance is interspersed with case studies of those who have already purchased a home in another country and advice for when unexpected problems crop up, like buying a piece of property in Greece or Northern Cyprus only to find out that someone else is claiming ownership.
