This is a charming illustrated gift book that pays tribute to Mum. Relaxation expert Darrin Zeer has created quick and easy ways to incorporate stretching, massage, and spa treatments into Mum's busy day, such as doing a quick hand massage while picking up the kids from football. He also suggests shortcuts and organisation techniques to help make parenting easier. Cheerful, tender, and practical, "Every Day Is Mother's Day" is an excellent gift for Mum on Mother's Day - or any day.
