Captain Teggs is no ordinary dinosaur - he's an astrosaur! On the incredible spaceship DSS Sauropod, along with his faithful crew, Gypsy, Arx and Iggy, Teggs rights wrongs, fights evil and eats a lot of grass! The astrosaurs are on a mission on planet Aggadon, home to the peaceful triceratops. But the dinosaurs there were being terrorised by strange long-necked creatures and weird itching diseases. Teggs and his crew investigate and discover a gang of sinister monsters which aren't quite what they seem ...and also some rather familiar enemies. Can his team help the triceratops find some peace again?
