Give yourself a head start! Collins School Dictionary is the perfect companion for all students aged 10-14. With a clear design and in colour throughout, it is easy to use and full of useful features to help build language confidence and help with work and study. This new edition of Collins School Dictionary has been developed with teachers to be the perfect tool for school work and homework. The clear layout makes finding entries exceptionally easy, and full definitions are given in simple language, often in complete sentences. With over 20,000 entries, many new or updated, it includes national curriculum vocabulary up to Key Stage 3 or 4 as well as general vocabulary for students aged 10+. The "Improve Your Spelling" supplement follows the main dictionary, outlining key spelling rules and listing words that are commonly confused or misspelled. This means that students can identify and master the trickiest spelling problems and is especially useful for anyone preparing for a competition such as The Times Spelling Bee. This student-friendly dictionary is an invaluable reference for all school students.
