Eye to Eye, the first personal portfolio by master photographer Frans Lanting, presents an extraordinary collection of animal images by an award-winning photographer and naturalist who has set the standards for a whole generation of wildlife photographers. More than 140 photographs, made over a period of twenty years, reveal the unique personal aesthetic Frans Lanting brings to wildlife photography. This book's exquisite

images are accompanied by personal stories and observations from a lifetime of working with wild animals around the world, ranging from orangutans in the rain forests of Borneo to emperor penguins in Antarctica. More than 70 species are represented in this astonishing portrait gallery celebrating the diversity of life on earth. Frans Lanting work has been lauded by designers as art, by biologists as science, and by others as a new vision of the relationship between animals and people.
