Kurt Vonnegut is a master of contemporary American Literature. His black humor, satiric voice, and incomparable imagination first captured America's attention in *The Sirens of Titan* in 1959 and established him as "a true artist"* with *Cat's Cradle* in 1963. He is, as Graham Greene has declared, "one of the best living American writers." *Welcome to the Monkey House* is a collection of Kurt Vonnegut's shorter works. Originally printed in publications as diverse as *The Magazine of Fantasy and Science Fiction* and *The Atlantic Monthly*, what these superb stories share is Vonnegut's audacious sense of humor and extraordinary range of creative vision. *The New York Times
