著者:Adam Kirsch

出版者:W. W. Norton & Company

出版时间:2008-2-15

装帧:Hardcover

isbn:9780393062717

Over the last ten years, through essays in "The New Republic", "The New Yorker" and other magazines, Adam Kirsch, "a poetry critic of the very first order" ("The New York Times"), has established himself among the most controversial and fearless critics writing today. Sure to cause heated debate, this collection of bold and insightful essays surveys the world of contemporary poetry. Kirsch scrutinises the reputation of popular poets such as Billy Collins and Sharon Olds and admires the achievements of writers as different as Derek Walcott, Czeslaw Milosz and Frederick Seidel. For readers who want an introduction to the complex world of contemporary American poetry, from major figures like Jorie Graham to the most promising poets of the younger generation, Kirsch offers close readings and bold judgments. For readers who already know that world, "The Modern Element" will offer a surprising and thought-provoking new perspective.
