People know Bill Moyers from his many years of path-breaking journalism on television. But he is also one of America's most sought-after public speakers. In this collection of speeches, Moyers celebrates the promise of American democracy and offers a passionate defense of its principles of fairness and justice. Moyers on Democracy takes on crucial issues such as economic inequality, our broken electoral process, our weakened independent press, and the despoiling of the earth we share as our common gift.
