出版时间:2007

装帧:精装

isbn:9780313320828

Primary documents from the World War I era bring to life the causes, events and consequences of those tumultuous and violent years. Varied perspectives provide a

valuable overview of the many and often complicated reactions by Americans to Pre-war European politics, Archduke Ferdinand's assassination, the sinking of the Lusitania by a German submarine, the major battles fought, and of the eventual and controversial entry into the war by the United States, among others. Will be a valued resource for researchers seeking to tap into contemporary attitudes toward events long gone.
