isbn:9780415236744

The legal system of the People's Republic of China has seen significant changes since legal reforms were begun in 1978. At the end of the second decade of legal reform, law-making and institution-building have reached impressive levels. This book analyses the major features of the Chinese legal system, on the eve of its accession to the World Trade Organization.

'Highly recommended to those interested in the Chinese legal system, comparative law, and Chinese politics'

'Will help the reader keep a cool head in the face of the political and legal changes China may undergo, ... and to evaluate what this developing country - even as an active and well-intentioned member of the WTO - can and cannot achieve where legal reform is concerned.' - China Perspectives

Highly recommended to those interested in the Chinese legal system, comparative law, and Chinese politics

Will help the reader keep a cool head in the face of the political and legal changes China may undergo, ... and to evaluate what this developing country - even as an active and well-intentioned member of the WTO - can and cannot achieve where legal reform is concerned. - China Perspectives

评论

is it a joke?

十年前的了，现在读有点点跟不上趋势，不过只怪中国变化太快，还是有可取之处的。
