

# The Economics of Health and Health Care

[The Economics of Health and Health Care\\_下载链接1](#)

著者:Sherman Folland

出版者:Pearson Education (US)

出版时间:2009-9

装帧:平装

isbn:9780138004873

For courses in Health Economics, U.S. Health Policy/Systems, or Public Health, taken by health services students or practitioners. Students in this course have varying backgrounds in Economics--Folland's text makes Economics concepts the backbone of the Health Care coverage. Folland is the best-selling Health Care Economics text that

teaches through core economic themes rather than concepts unique to the health care economy. The Sixth Edition retains the text's hallmark features while updating content to reflect the major changes in the health policy arena. The core economics themes chosen are as basic as supply and demand, as ever-present as technology or labor issues, and as modern as the economics of information.

MyLab或是Mastering系列是在线作业系统。Access Code Card是在线作业系统的访问码，是老师和学生课堂之外网络互动及交流的平台，个人是无法使用这个平台的。请读者注意您购买的这个ISBN是不带Access Code Card的。
