isbn:9780132083706

For a first course in Materials Sciences and Engineering taught in the departments of materials science, mechanical, civil and general engineering. This text provides balanced, current treatment of the full spectrum of engineering materials, covering all the physical properties, applications and relevant properties associated with

engineering materials. It explores all of major categories of materials while also offering detailed examinations of a wide range of new materials with high-tech applications.

MyLab或是Mastering系列是在线作业系统。Access Code Card是在线作业系统的访问码，是老师和学生课堂之外网络互动及交流的平台，个人是无法使用这个平台的。请读者注意您购买的这个ISBN是不带Access Code Card的。
