著者:Karla Zimmerman

出版者:Lonely Planet

出版时间:2009-9

装帧:精装

isbn:9781741047325

The USA Book combines arresting photography with sharp and compelling content, organized by state with additional sections on popular themes, regional identities, road trips and US territories. More than 400 photographs illustrate the unique qualities and diversity of the 50 states. The book contains informative and engaging details on each state, including history, culture and traditions, politics, myths and legends, trademarks and essential experiences. The Best Road Trips chapter and maps highlight the USA's top six road trips, from Route 66 to the Blue Ridge Parkway. Special spreads highlight key themes and issues, from arts and architecture, to innovation and exploration, and oddball America.
