Berlitz and earworms have joined forces to launch a revolutionary new language

learning audio programme. It involves a unique musical method that plants more than 200 essential Japanese words and phrases into your long-term memory, via rhythmic repetitions and carefully composed melodies, so you learn the language just by listening! The sound patterns are indelibly burnt into your auditory cortex, ready for instant recall, making this method fast, effective, effortless and above all, enjoyable. Content can easily be uploaded to iPod and MP3 for use on the move.
